### COURSE STRUCTURE

The students will take part in adventurous activities and challenges, developing fundamental physical and teamwork skills, so that they become increasingly competent and confident in a way which supports their health and fitness. Students will also improve broader sports and social skills such as teamwork, strategy, physical agility, interpreting instructions and hand-eye coordination. The students will engage in competitive and co-operative physical activities in a range of challenging situations, both individually and with others, which builds character. By the end of the course students can expect to have improved their physical abilities and their ability to work as part of a team, as well as having lots of fun.
