YOUR STAFFORD HOUSE

Quality

We have a fresh approach for students who choose to study on our wide range of courses and options with exciting on-site activities and well planned, interactive excursion lessons and trips.

We use major excursion destinations such as London, Cambridge and Oxford as a 'classroom' where students are exposed to a wealth of history and culture through walking tours and visits to museums, colleges, cathedrals and other attractions.

Our carefully planned guided tours enable our students to visit famous landmarks and learn about the location and history, as well as experiencing daily life in the city.

We have developed our own unique information pack and educational materials to be used on these excursions, which students are able to take home with them.

Welfare

Our centres and locations have all been selected for their safe and secure environments, and we offer high levels of supervision. We understand that you trust us to take care of your students and we take our responsibility very seriously. For this reason, we have rules and procedures in place for all our young students to ensure their safety and well-being, which of course is our top priority.

In addition, our 'team in pink' – our Student Welfare Officers, are at each centre, to ensure that all students have someone to look after them and to listen to them if they have any questions or need advice or support at any time.

We are determined to provide the best possible experience for our students. From the moment they arrive and are greeted at the arrivals hall, we are there to guide and support them every step of the way to the moment we wave them goodbye.

Security

Our schools have always been a safe haven for students and we have highly developed contingency plans in place in the unlikely event of an emergency. Our staff are fully trained in these procedures so students can always feel they are in safe hands whilst in the care of Stafford House.

The Spirit of Summer All Year Round

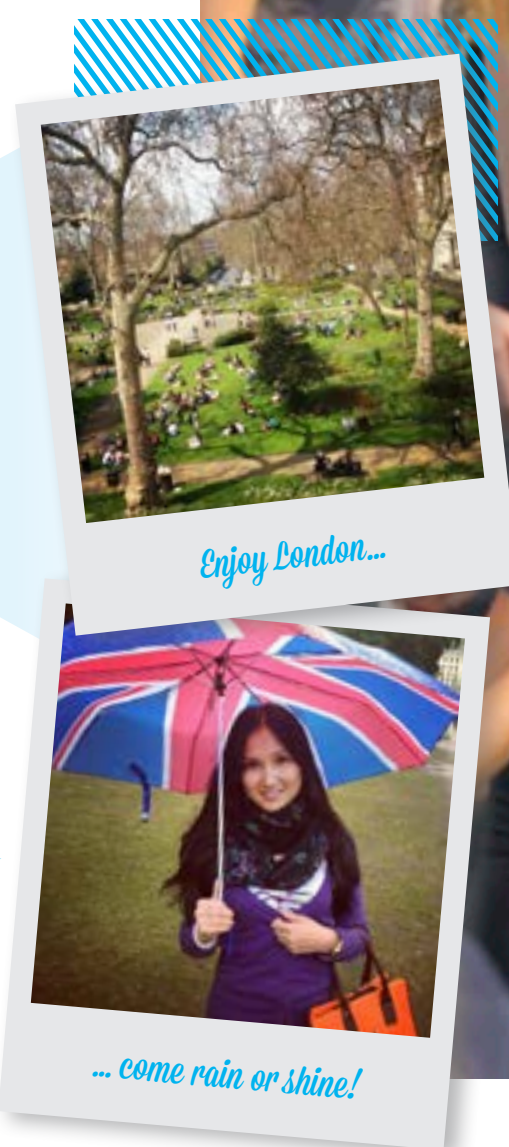

Our name is all about capturing that summer feeling - all year round. We deliver tailor-made package programmes to groups of students throughout the year, each lasting 1 to 4 weeks and designed according to the needs and interests of each group.

Whether your group is looking for specialised course content for academic, cultural or professional purposes, we work with you to understand your requirements and objectives, and use that understanding to design a highly effective teaching programme. We welcome groups from a variety of backgrounds and professions; from university students and business executives, to nurses, pilots and teachers.

Alongside the course content, we can offer a bespoke calendar of cultural and social activities, meal plans (with specific dietary requirements if required) and assistance with particular travel arrangements and accommodation types, ensuring that every aspect of your experience is tailored to your needs and expectations.

SAMPLE TAILOR-MADE COURSES

- Last year we ran a “Shakespeare” one-week course that included seeing a couple of plays - preparing for them in class and putting on a performance.
- We run tailored exam preparation courses for Trinity GESE, Cambridge CAE and IELTS preparation for closed groups on short timeframes (2-4 weeks).
- We also had groups of teachers from Spain, Italy and China who had morning “refresher” General English classes and “teaching methodology” afternoon classes.
- We also run The World of Work (Alternanza Scuola Lavoro) - a course which allows participants to improve their business communication skills and interact confidently and effectively in a number of different professional situations. Students will search, apply and interview for job roles as well as explore the rules, regulations, protocol and jargon of the modern workplace.
