

STAFFORD HOUSE SAN DIEGO

The San Diego Center is located near vibrant downtown. The school has a comfortable student lounge with sofas, a foosball table, and a student kitchen with vending machines. Students in San Diego soak up the California sun year-round at outdoor activities including the world famous San Diego Zoo, baseball games and playing soccer at Balboa Park. One of our most popular activities are the beach bonfires where students can watch the sunset and socialize in beautiful Ocean Beach.
