STREET, CB1 2QT**

All of our students become part of the CSVPA family, a vibrant, multicultural community of highly creative people who share common dreams and ambitions.

On our CSVPA summer courses, you will make friends, sharing ideas and experiences that elevate your work and inspire you to explore your own creativity.

All of our studios are designed to look, feel and operate like

those you would work in during a professional career. We make sure you are adept at using all the latest equipment, processes and programmes that the creative industries use. Students have access to our studio spaces and our lecturers provide personalised tuition.

A beautiful, multicultural city, Cambridge is rich with English history and lots to do. Arts and culture can also be enjoyed with world famous museums

that show some of the rarest collections, sculptures, art and ancient antiques dating back to even the pre-historic era. There is an abundance of shopping centres, restaurants and cafes. During your course, you will be able to enjoy an organised excursion to London.

Our evening activities are designed to build relationships across all subject areas, an opportunity to have fun, make friends across the summer

school courses, and try new things.

Cambridge is easy to get around on foot, by bike or using public transport. Our Varsity House residence is seconds away from our Sturton Street campus, and around 20-minute walk from our Bridge House campus in the bustling city centre.
