COURSE OVERVIEW

This course includes 23 hours of English tuition. Students will take part in 15 hours of morning lessons each week which are divided into 3 hours per day. These will follow level-appropriate course materials that are carefully selected to engage students and allow them to improve their communicative skills. Afternoon lessons take the form of 2 1-hour modules, which have been specially designed to encourage students to use their English in practical ways and develop the four skills even further. The first module will have a skills focus and may include options such as communicating clearly, language games and authentic listening and discussion. The second module allows students to really focus on what interests and inspires them, and past topics have included science and nature, musical English, discovering the UK, and drama and role play. Students are encouraged to select modules that will not only help them to improve their language skills but also develop their ability to collaborate with their classmates.

ACTIVITIES & EXCURSIONS

On the intensive course we balance hard work with fun and there are plenty of opportunities for students to use the English they have learnt in a relaxed atmosphere. Students will go on one full-day excursion per week and destinations may include London, Brighton or Cambridge. There is also one half-day local visit or activity every week this might include visiting Canterbury Cathedral, a river trip on a punt or various sports at a local sports centre. Students will also take part in our varied programme of evening activities which may include a British culture evening, “Canterbury’s Got Talent” talent show or murder mystery activity. These activities provide the perfect opportunity for students to catch up with their new international friends and relax after a full day of learning.
