

Game Design

Aimed at individuals who live for games, this creatively and technically demanding one-week course explores the creative possibilities in developing your own game. Using a range of software packages to create 3D characters and backgrounds you will learn how to develop game narratives, characters and plots. You will begin to think and work like a games designer, understanding how to create game challenges, rules and logic. It will give you an important first step into understanding the games industry and is ideal for students who are thinking about future development of their ideas into a more substantial piece of work.

WHAT'S INCLUDED

TUITION

25+ Hours tuition comprised of lectures and workshops working towards the presentation of a project

ACTIVITIES

5 evening activities per week, designed to be fun and interactive and provide our students the opportunity to socialise and make new friends.

EXCURSIONS

Full day excursions allow students to really get to know the UK. We use major destinations such as London as a classroom, where students will find creative and cultural information through guided walks and visits to museums and other places of interest.

CERTIFICATE

Awarded for the successful completion of the course and project presentation.

LEARN FROM ART AND DESIGN PROFESSIONALS

This programme will give you the chance to study in central Cambridge in a fun and creative environment led by experienced tutors at CSVPA.

BROADEN YOUR SKILLS IN THE INDUSTRY

Throughout the week, you will learn how to design and build a sector piece for a game, start to design the backdrops on paper and research using Padlet for mood boards You will also gain an understanding of concepts for games, game engines and will receive an introduction to texturing.

DEVELOP YOUR SKILLS IN:

Concepts for games | Designing and building a sector piece for a game | Texturing
Unity Games Engines | Maya
