

STAFFORD HOUSE
Summer

Dear Travel and Study Agent,

I am delighted to supply you with our latest brochure outlining our Summer and All Year Round courses for 2020! We are excited to offer some new centres and courses and as importantly, to continue to provide our traditional high standard of service across the UK, USA and Canada. We have also included a separate price list with our terms and conditions.

Our new brochure contains all the information you need to know regarding our summer groups, year-round junior groups, and junior individual students. We hope you like our new-look brochure which continues with our concept of "Adventures in English" for our students!

For 2020 we are very excited to announce that we have teamed up with Michael Owen's Red Stars Football School for our football programme. Coaching will be provided by a very experienced team including ex-England International Mark Wright and will feature an appearance each week by an ex-International Footballer to meet the students!

We are proud to introduce a new Summer and Year Round centre at Dover College. Close to the seaside and offering courses in sailing, it is in a perfect location to explore the South-East of England. During the year we will offer immersive courses in Dover College with English-speaking children, both on a weekly boarding basis for full immersion or on a twice weekly daily basis from Canterbury.

We are also pleased to be able to offer a new centre in Calgary, Canada. Surrounded by some of the most breath taking scenery the world has to offer, students can excursion into the Rockies and practice their English in a friendly homestay environment.

This year we continue our use of Augmented Reality in our brochure, which means that when the app has been downloaded, a scan of the 'Zappar' symbol on our centre pages will take you to exciting videos and materials that showcase our schools and campuses in all their glory

Please do not hesitate to contact our Reservations Team if you require any further information or publicity materials on any of our courses and locations, or if you are ready to make a provisional booking. We look forward to welcoming your students in 2020!

With kind regards

Ruth Fenton
Director of Sales-Junior Individuals and groups
