WEEKLY SUMMARY

- 15 hours of English lessons
- 2 x 3 hour World of Work Workshops
- One full-day excursion
- 3 local visits, one of which will have a specific World of Work focus

WORLD OF WORK

This course is ideal for those looking to venture into the World of Work (ASL) and improve their business communication skills. Students will learn how to successfully apply for a job, by reviewing CV writing skills and interview techniques, and will leave having created a professional CV and covering letter, which can be used straight away in any commercial environment. Communication methods used in modern business will also be explored in interactive workshops that focus on emails, report writing and presentations. Workshops will be complemented by World of Work visits which will aim to provide an insight into a specific company or area of industry.

WORLD OF WORK WORKSHOPS

Our most popular workshops focus on the job application process: CV writing and interviewing. While others focus on effective communication in the workplace and cover both presentation and written skills. For those wishing to gain further insights into the rules, regulations and protocol of working in Britain we can offer sessions on professionalism, office jargon and employment law.
